Intermediate in
Computer Science

Aptech Learning
2022 - 2025
Advance Diploma In
Software Engineering

NMHS School
2024
Matriculation in CS

PROFILE

Full-Stack Developer with 5+ years of personal experience building high-quality mobile apps, web platforms, and tools. Skilled in Flutter (Provider, GetX), Laravel (PHP), and Python (FastAPI) with MySQL. Experienced in REST API development, UI/UX design, and data-driven solutions. Strong in front-end, back-end, database design, version control, and performance optimization. Currently learning Data Structures and Algorithms (DSA) to strengthen problem-solving skills.

EXPERIENCE

Flutter Developer | MaxERP

Sep 2024 – Apr 2025

I developed and maintained the HR and ERP mobile applications for Max HR using Flutter and Dart. I collaborated with remote teams to build secure and scalable solutions that streamlined HR processes and enhanced overall business operations. Additionally, I integrated real-time data features, optimized app performance, and improved the overall user experience.

Wordpress Developer | Mangotech Solutions

Mar 2023 – Sep 2023

I collaborated with the design team to implement responsive and SEO-friendly web designs. I managed content updates, handled site maintenance, and troubleshooted issues to ensure optimal website performance. During this process, I gained hands-on experience with PHP, MySQL, and the WordPress ecosystem.

CERTIFICATION

Aptech Learning (2022 – 2025)

- Data Analysis • Flutter Mobile App Development
- Web Development • Full-Stack Development
- Database Management With MySql, SQL Server

Nasa Space App Challenge (Oct 2024)

- Galactic Problem Solver
